

GARMAP AFRICA SERIES 2009 - 2nd Edition

IMPORTANT INFORMATION - TMC and NON-NT

With the launch of Garmap Africa Series 2009 - 2nd Edition, certain maps are available in 2 variants, these being TMC (Traffic Message Channel) or NON-NT.

The applicable map sets are:

- Southern Africa Streetmaps - TMC
- Southern Africa Streetmaps - NON-NT
- Southern Africa Topo & Rec - TMC
- Southern Africa Topo & Rec - NON-NT

BOTH VARIANTS CONTAIN THE SAME MAP DETAILS.

TMC map sets are slightly smaller in size, which allows for more free space on the device and will work on all recent Garmin units.

NON-NT map sets are compatible with **ALL** map-capable Garmin GPS devices.

Legacy map-capable Garmin units produced before 2006 **MUST** use the NON-NT maps. These units include:

| | | |
|-----------------------|-----------------------------|--|
| <i>eTrex Vista</i> | <i>GPSMAP 96</i> | <i>StreetPilot III</i> |
| <i>eTrex Legend</i> | <i>GPSMAP 96C</i> | <i>GPS V</i> |
| <i>eTrex Legend C</i> | <i>iQue 3200</i> | <i>cf Que 1620</i> |
| <i>eTrex Vista C</i> | <i>iQue 3600</i> | <i>GPSMAP 295</i> |
| <i>GPS 18 Deluxe</i> | <i>iQue 3600a</i> | <i>GPSMAP 296</i> |
| <i>GPSMAP 196</i> | <i>NavTalk GSM</i> | <i>GPSMAP 76</i> |
| <i>GPSMAP 296</i> | <i>Quest – NOT QUEST II</i> | <i>GPSMAP 76S</i> |
| <i>GPSMAP 396</i> | <i>Rino 520</i> | <i>iQue M5</i> |
| <i>GPSMAP 495</i> | <i>Rino 520HCx</i> | <i>Rino 120</i> |
| <i>GPSMAP 496</i> | <i>Rino 530</i> | <i>Rino 130</i> |
| <i>GPSMAP 60</i> | <i>StreetPilot 2610</i> | <i>eMap</i> |
| <i>GPSMAP 60C</i> | <i>StreetPilot 2620</i> | <i>GPSMAP 76/176/176C</i> |
| <i>GPSMAP 60CS</i> | <i>StreetPilot 2650</i> | <i>StreetPilot Colour Map/monochrome</i> |
| <i>GPSMAP 76C</i> | <i>StreetPilot 2660</i> | <i>StreetPilot III GPS receivers</i> |
| <i>GPSMAP 76CS</i> | <i>StreetPilot 2730</i> | |

Note: nüvi 300 series and the nüvi 710 will support South Africa traffic information once the traffic subscription service becomes available, but to do so they **MUST** have the TMC map installed.
